EDUCATION	**Johns Hopkins University**, Baltimore, MD, USA	
	■ Double Majoring in Computer Science and Cognitive Science	2018 – 2022
	• Cumulative GPA: 3.53 / 4.0	
	Universtiy Laboratory High School , Champaign, Illinois, USA	Jul 2014 – Apr 2018
	■ General High School Diploma	
	• Cumulative GPA: 4.00 / 4.00	

RESEARCH EXPERIENCE

Vision and Cognition Lab, Johns Hopkins University — Aug 2019 – Present

■ Undergraduate Research, Vision Psychology Department
  • Project: Representation of collective/distributive events vs.production of "All" and "Each".
  • Role: Built website for MTurk experiment, created scripts to process and format data.
  • Supervisors: Prof. Justin Halberda and Dr Nicolo Arlotti
  • Focus: Representation of Universal Quantifiers, semantic analysis.

Computational Psycholingusitcs Lab, Johns Hopkins University — Jan 2020 – Present

■ Undergraduate Research, Computational Psycholinguistics Department
  • Project: Can neural networks learn English question formation?
  • Role: Collected data to train neural network from online CHILDES database.
  • Supervisors: Prof. Tal Linzen and Dr Tom McCoy
  • Focus: Deep learning, language acquisition, PovStim argument.

AWARDS & SCHOLARSHIPS

■ Two times Dean's List, (Fall 2018, Fall 2019) Johns Hopkins University — Fall 2018, Fall 2019
■ Summer Pura award — Summer 2020
  • $4000 grant for summer research.
  • Used to continue poverty of the simulus project under Tal Linzen and Tom McCoy.

CAMPUS ACTIVITIES

Johns Hopkins Outdoors Club (JHOC) , Johns Hopkins University — Sep 2018 – Present

■ Leader
  • Lead free Caving, Mountain Biking, and Climbing trips for undergraduate participants
  • Set up publicity events for JHOC
  • Maintained JHOC website
  • Trained and Certified to be Wilderness First Responder

Johns Hopkins Badminton Club, Johns Hopkins University — Jul 2018 – Present

■ Team Leader — 2018
  • Enabled team to place 4th in the East Coast College 1A division.
  • Help train members on team.

LANGUAGES

■ English: Native language.
■ Spanish: High school level

SKILLS

■ C/C++, Java, Python, R: all known at an intermediate level
■ HTML/CSS, JavaScript, php: website design and implementation
■ Wilderness First Responder, CPR certified

INTERESTS

Outdoors, Badminton, Semantics, Syntax, Deep learning
